

D♥NATE

to help migrants traveling
through San Antonio

Since March 30, our community has assisted **thousands of migrants** from Central America **traveling through San Antonio** to their sponsor families across the country. We expect to continue to serve this need for months to come. We **need the community's help** with donations and volunteers for local nonprofits. For every \$2 donated the City of San Antonio will match \$1 up to \$55,000. **Here is how to get involved:**

Provide Financial Donations to Catholic Charities

Monetary donations help Catholic Charities provide shelter, transportation, prescriptions, and other basic needs.

Give online to support migrant families.
